Gail is heaven sent. About 2 years ago I had terrible acne. Gail spoke with me about my skin care routine, lifestyle and diet. She simply explained what I could do to help heal my skin. Gail is extremely knowledgeable - she knows exactly what treatment you need, yet she will never push you. I started with a facial and a light peel. As my skin got used to the peels, she increased the strength. She has a very gentle touch - absolutley no soreness. My skin was GLOWING in time for my wedding. I actually have people complimenting my skin! I try to eat better and drink more water so that her job is easier. I moved to Philadelphia and I still travel to NY to see Gail. She is a very talented esthetician and a lovely person - we always have great chats. Thank you Gail!

#### Editorial review from Citysearch

Gail takes such good care of my skin that I no longer have to see my dermatologist! She is my dermatologist and facialist in one! Although she does not operate in a spa, the experience each time is never short of a spa experience. I walk out of there so relaxed each time, it's hard to do anything afterwards!

#### User review by acp970

At first I was unsure of what to expect being I wasn't walking into a spa, Gail works out of an apartment. I was sure I was in good hands once Gail started to find out more about my skin even before she touched me. She offered great advice and didn't push products on me which made me feel at ease. Once Gail began my facial, I honestly forgot where I was I was so relaxed. I received a quality facial and never felt rushed. I've been to a few ""upscale"" spas before and was never all that impressed. However, I was extremely impressed with the quality facial I received by Gail as well as the reasonable prices. Definitely worth trying!

#### RESULTS

You won't feel like a mass-produced customer at Gkay. Gayle will take the time to sit with you to learn about you, your history, etc. She believes in caring for skin from the inside-out - she'll find out what your dietary habits are and how you might be able to incorporate changes in diet/vitamins to benefit your skin. Her treatments are AWESOME; very relaxing; very calming; very thorough and productive. And they truly do improve your skin immensely; sufferers of acne should give her a shot. She is GREAT.

#### Fabulous Facial!

I just came back from my second facial/peel from Gail and could not be happier! I have complicated skin and it now feels and looks incredible! After my first visit, some colleagues commented on how good my skin looks. Ditto the comments about Gail being sweet, nonpushy and generous with the samples. Highly recommended!

**Highy recommended!!**

Truly the best results I've ever gotten from a glycolic peel! Unlike any other place I've been...great personalized service plus a high quality peel (+ massage! among other things...). I highly recommend Gkay! I'm addicted!

**Gail the Great**

I've been going to Gail for over a year and I have introduced all of my friends to her. I've even taken my brother to get a facial and I visit her every month. SHE IS GREAT! Before she does anything, she asks you about your diet, your beauty routine, medical conditions, etc to make sure she understands you and your skin. She never rushes or pressures you to buy anything you don't need. She'll even recommend over the counter beauty products you can buy from Duane Reade. Her specialty is facials- you won't be disappointed.

**Yay for GKay!**

Words cannot express my love for GKay! Basically, I ditto all the positive feedback on this site. Great service with great results. The thing that I love about Gail is that she isn't judgmental or critical when she is evaluating your skin. Gail doesn't judge, but rather gives advice based on a thorough analysis of your skin type and diet. Also, my face after each facial has glowed. Another added bonus-Gail gives such heavenly massages after the facial. Gail is not only a wonderful facialist, but a smart, savvy, stand up business person. Her prices are affordable and she sometimes gives samples of her products. Gail never pushes her products onto her customers. You get the whole package at GKay!

### AMAZING!!!

First I should say that I have not had a facial in over 3 years. I actually decided to go to Gkay b/c of all the wonderful citysearch reviews she's gotten. I was so impressed by Gail and how much she cares about her clients!!! I felt like a princess leaving today! My search for an aestetician is over! I had a facial + a beta peel.. get this .. NO redness or blochiness afterwards. It is now 3.5 hours later and my skin looks radiant!! If you are looking for somewhere to get an AMAZING, relaxing facial and you want a bargain AND you don't want to deal with sales pressure... MAKE AN APPOINTMENT WITH GAIL!!! Your skin will love you for it !!!!!!!

### It's no lie...

Gail is fantastic! I've only had one facial done before I went to see Gail and was disappointed with the results. My skin broke out only a week after the treatment. But at GKay, after just one session, I was completely hooked. Gail's straightforward, no-nonsense approach, and her amazing treatments works wonders! I first stepped into her office with constant, uncontrollable breakouts. After a few of the beta-peel treatments, my skin looks better than it has in a loooooong time! And she's more affordable than most (if not all) of the other ""hoity-toity"" spa places. I definitely recommend GKay!!!

### Great Facial!!!

I am a facial virgin.. never had one done and wanted to make sure that my first time would be the best. Well I found the best with Gail, she takes the time to sit down with you and analyze your skin and your lifestyle. She is open and honest and not pushy at all with her services or her products! My huband commented on how my face was glowing that same nite!! Run, don't walk to Gkay!! Trust me.. it is soo worth it!!!

### Gail is so SWEET!

I love gKay! I am ethnic with dark skin and was amazingly happy with the results after having a chemical peel and a few regular facial/peels at gKay. My skin has never looked better. I am from Europe and have gone to the best top spas, only to be disappointed. If you are looking for results (not pampering) go to see Gail. You will definitely love her services!

**Highly Recommended!**

I heard about this place from a bunch of friends who go to see Gail on a regular basis. I never had a peel and thought my face would be all red and would peel. But I was happy with the results. I got the facial with the peel (upon Gail's recommendation) and could see the difference from other facials I had at other places. I would like to try the chemical peel next. Again, highly recommended!

**Words cannot express....**

I have had acne for as long as I can remember. Finally, after trying so many things in my life and so many places to get rid of my acne, I can finally see results after visiting gKay. My skin is 95% clear after 4 times at gKay's. It took the peels and what she told me to do at home to finally FINALLY get rid of it all. GOD! It is amazing what a difference! I finally have my confidence back. I owe you so much more, gKay!

**Yay for GKay**

GKay was fantastic. The service and advice was outstanding. Unlike some dermatologists and beauticians, she was very kind and tactful. The extractions were suprising painless unlike my experience at Bliss. I like the way she assessed my diet. For someone who has celeb clients, her prices are relatively cheap and afforday.

**I Love gKay!**

I love gKay because of the results, the cleanliness, the privacy and the cost. I had a facial with a peel once and then came back for the chemical peel. My skin looks and feels great. gKay was very honest and correct with her recommendations. I am hooked and will become a regular client from now on.

gKay Rocks! Go There!

Skin care only is what gKay is about. Not a spa but a place to take care of your skin. I have been to many places in New York and LA but this is the one place that I felt I received the most attention as well as the BEST treatment. Go THere!
